

COMPUTER SKILLS

In my very first interview in February 2007, I was yelled at by a Lehman trader —who then hired me, for knowing nothing about programming. I then started studying the basics and progressed steadily over the years.

- ▶ Basics of Programming Methodology
 - Object Oriented Programming, Methods, Classes, Decomposition
- ▶ Programming Abstractions
 - Complex Data Structures, Vectors, Stacks, Queues, Recursion
- ▶ Application to the JAVA and C++ languages (Stanford Engineering Everywhere Program)

INTERESTS AND ACTIVITIES

In December I took *swimming classes* without drowning.

I try to *read books*: it's taking 13 months for “*War and Peace*” —and counting.

Taleb's “*The Black Swan*” took two weeks.

Also, you might have come across some blogs, websites, or a Facebook application of mine.

I am still exceedingly amused by “*Alice in Wonderland*” and “*The Sword in the Stone*”.

Master of Science in FINANCE

Grades

EXAM	GRADE	CREDIT HRS
Corporate Finance (Valuation)	25	6
Financial Statement Analysis	28	6
